RI PRESIDENT'S MESSAGE

STEPHANIE A. URCHICK

Month of November

One of Rotary's greatest strengths is the ability of our members to come together to create lasting change, and The Rotary Foundation helps us transform dreams of change into reality.

From eradicating polio to building peace, much of the work we do around the world would not be possible without our continued support of our Foundation.

The cause of peace is especially important to me, and one of the most effective ways we build peace is our Rotary Peace Fellowship — a product of The Rotary Foundation. The program helps current and aspiring peace and development professionals around the world learn how to prevent and how to end conflict.

Thanks to a \$15.5 million gift from the Otto and Fran Walter Foundation, we can continue supporting peacebuilders in more regions with the next Rotary Peace Center, at Bahçeşehir University in Istanbul.

Opening yet another peace center is a monumental achievement that we will celebrate at the 2025 Rotary Presidential Peace Conference in Istanbul.

The three-day conference 20-22 February will highlight the many ways our family of Rotary advocates for peace. Keynote speakers, panel discussions, and breakout sessions will allow us to share ideas about building peace and foster meaningful conversations about promoting peace everywhere.

Registration for the Presidential Peace Conference is open. I hope to see you there, but if you can't make it, our Foundation offers so many ways to change the world for the better. November is Rotary Foundation Month, a great time to get to know your Foundation better and pursue causes that appeal to you.

Global grants support large international activities with sustainable, measurable outcomes in Rotary's areas of focus. By working together to respond to pressing community needs, clubs and districts strengthen their global partnerships.

District grants fund small-scale, short-term activities that address needs in your community and in communities abroad. Each district chooses which activities it will fund with these grants.

Our Foundation can even help you support our wonderful youth programs, including Rotary Youth Exchange, Rotary Youth Leadership Awards, and Interact.

Your gifts to our Foundation also make Programs of Scale possible. These are long-term projects that seek to solve otherwise intractable problems.

To ensure these good works continue beyond our lifetimes, it is up to us to reach our ambitious Rotary Endowment goal of \$2.025 billion by 30 June 2025.

The Magic of Rotary does not appear out of nowhere. We create the magic with every new member inducted, every project completed, and every dollar donated to our Foundation.

Please join me in supporting The Rotary Foundation, and together, we will change the world for the better.

ANNOUNCEMENTS AND OTHERS

My Rotary

NEW TOOLS FOR PROJECT PLANNING AVAILABLE

At Rotary, we are increasing our emphasis on working with communities as partners in service projects to address issues they prioritize. We are also incorporating more ways to measure our projects' outcomes to understand their impact. Members can make lasting and positive changes through Rotary service by developing evidence-based projects with measurable and sustainable results.

Understanding a community's priorities through an assessment is the first step toward making a long-term impact. The recently updated [Conducting Community Assessments handbook](#) guides how to involve community members in identifying priorities and designing a project. The handbook also includes new relevant topics such as data privacy and diversity, equity, and inclusion. The results of the assessment will inform the project's goal and plan.

The [Rotary Impact Handbook](#) helps members plan and carry out measurement activities as part of their service projects so they can demonstrate the results. The handbook explains the building blocks of the impact framework, which is used to develop and illustrate a project's inputs, outputs, outcomes, and impact. Incorporating it into your strategy will help a project reach its goals. When planning the individual activities that go into a project, incorporate measurement at every stage so you can determine whether you need to modify your initial plan. This also allows comparisons with the baseline data from the assessment, which illustrates what the project achieved.

All members are encouraged to use these tools when planning service projects so that together, we can increase our positive impact in communities around the world.

SECRETARY'S REPORT

JOAN MAE M. MARILAO

For this month, President Jerson and I actively participated in the Area Coordination Meeting (ACOM) last November 5, 2024 at Roadway Inn, Bajada Davao City. Several concerns were presented and deliberated.

In celebration of Children's Month, our Club, thru the initiative of PP Terry Ungson joined and donated Nutribuns to the 35th International Children's Day Celebration held at Almendras Gym, Davao City last November 20, 2024.

Our Signature Project, Cash for Work continues this month as we provide students and new graduates opportunities to earn and experience working. This is in coordination with the Office of Senator Imee R. Marcos and the Department of Social Welfare and Development (DSWD).
