WHAT IS ROTARY?

Rotary is a global network of 1.4 million neighbors, friends, leaders, and problem-solvers who see a world where people unite and take action to create lasting change – across the globe, in our communities, and in ourselves.

From literacy and peace to water and health, we are always working to better our world, and we stay committed to the end.

On Climate Change

by **RTN MAXIMINO TENORIO JR.**
President-Elect & Community Service Director
 RY 2024-2025

Climate change is a global problem. Such problem is the result of continuous destruction of the environment among others. However, there is no serious initiative to mitigate the effects of climate change. There were endeavors but the effect was not felt.

Let us focus on deforestation. During the 1960s-80s some provinces in the Philippines were popular because of massive legal and illegal logging. Some people believed that the workers were fortunate that they were employed gainfully. Unknowingly, they are instrumental in gradually destroying the environment, the living things, and the future of the people.

During the 80s the Central Visayas Reforestation Project (CVRP) was implemented in Region VII, i.e. Cebu, Bohol, Siquijor and Negros Oriental. The objective of the project was to rehabilitate the deforested area down to the sea (fishing area)

The project was implemented by the personnel from the different government agencies. However, the effect is very minimal. As we can observe, the climate pattern has changed. I remember that the rainy season starts in the months of May-November. This was nationwide. Now it's January already but

still rainy season in several provinces heavy rains still persist. In fact, some provinces suffer from heavy rains and floods as high as 6 feet. Some experts predict of the El Niño and La Niña, the effect of which is extremely negative. Some experts predict that by 2040 we will have a problem with the supply of potable water. If we can observe, creeks and rivers start to dry up.

RCDN had participated in several tree planting, mangrove planting, and other environmental activities. However, the effect is very minimal. It is my humble belief that we expand our services in the mountain. We can coordinate with the Department of Environment and Natural Resources, Community Based Organizations and other civic organizations.

If we plant lumber trees, once it is matured, there is a possibility that it will be cut by illegal loggers. However, if we plant fruit trees and turn them over to the community-based organization in the area, I believe that it will be taken care of by the organization since they will benefit from the fruits of the trees. In effect, it will be sustainable. It can help control the flowing waters and other environmental benefits.

THE ROTARY HYMN

I want to be a Rotarian for the world
 Make the Rotary flag as a flag of
 peace unfurled;
 I shall serve my community,
 Help achieve universal unity
 Through Rotary, I shall dedicate my all,
 World understanding shall be my
 cherished goal.
 REFRAIN: With the Four Way Test
 I'll pursue my quest
 And if I, in a way help obtain
 Peace in the world
 I shall not have lived
 in vain.

I'll observe service above self,
 Lend a hand to all who need my help;
 I'll get my spouse to involve in Rotary
 And in Rotary ways I will train my family.
 (REFRAIN)
 Build a bridge for tomorrow's youth,
 Strengthened by nothing but the truth
 Let's join our hands, there's no reason to divide.
 We shall all understand, while the good Lord is
 our guide. (REFRAIN)
 CODA: Peace be achieved,
 We shall not have lived in vain.
