

ROTARY HYMN

I want to be a Rotarian for the world,
Make the Rotary flag be a flag of peace unfurled;
I will serve my community,
Help to seek international unity.
Through Rotary, I will dedicate my all,
World understanding shall be my cherished goal.

Refrain: With the Four Way Test
I will pursue my quest
And if I, in a way help obtain
Peace in the world
Then I won't have lived in vain.

I'll observe service above self,
Lend a hand to all who need my help;
I'll get my spouse to involve in Rotary
And in Rotary ways I will train my family.

Refrain: With the Four Way Test
We'll pursue our quest
And if we, in a way help obtain
Peace in the world
Then we won't have lived in vain.

Build a bridge for tomorrow's youth,
Strengthened by nothing but the truth;
Let's join our hands, there's no reason to divide.
We shall all understand, while the good Lord is our guide.

Refrain: With the Four Way Test
We'll pursue our quest
And if we, in a way help obtain
Peace in the world
Then we won't have lived in vain.

Peace be achieved,
So we won't have lived in vain.

PRESIDENTIAL MESSAGE

R. Gordon R. McNally
RI President 2023-2024

APRIL 2024

These are times that cry out for peace. The Middle East is in its most volatile condition in years. The war in Ukraine is the largest in Europe since World War II, and there are armed conflicts in Sudan and parts of Central Africa. Nearly every continent is experiencing a major armed conflict.

Rotary has a vital role to play in advancing the cause of peace — I often say Rotary needs to work toward peace as aggressively as those who wish to wage war. It's the spirit found in our vision statement: "Together, we see a world where people unite and take action to create lasting change — across the globe, in our communities, and in ourselves." We must never lose track of that last call — that to bring about change in the world, we need to foster change within.

It is up to us to model peacebuilding behavior among each other. We can do better than questioning the motives of one another and jumping to the harshest possible explanation. After hearing words that might strain or offend us, we have an opportunity to ask, with compassion and curiosity, the intent of those offending words. And then we have another opportunity to repair the breach.

If we wish to be a beacon to the world, let us start by being so to one another. Let's help each other find greater understanding and productive alternatives to words that cause hurt and distrust. And let's stick to our principles, but never doubt the sincerity of each other to end conflicts, not inflame them.

I'm reminded of a speech that U.S. Senator Robert Kennedy made on 4 April 1968, that dreadful day when the Rev. Martin Luther King Jr. was assassinated. Kennedy was in Indianapolis speaking to an audience in a predominantly African American neighborhood where people had yet to learn that Dr. King had been killed.

He shared the terrible news. He honored Dr. King for all he had done for the cause of justice and peace. And then he connected with the fuming, grieving crowd by saying: "For those of you who are Black and are tempted to be filled with hatred and distrust at the injustice of such an act, against all white people, I can only say that I feel in my own heart the same kind of feeling. I had a member of my family killed." It was the first time he had spoken publicly about President John F. Kennedy's assassination. And while many American cities exploded in violence that night, Indianapolis did not.

It is in times of crisis and despair that we need empathy most of all. Empathy is the most powerful tool of peace, and it is vital if we are to take the first brave, humble steps to *Create Hope in the World*.

Club President's Message

Rtn. Sarah M. Gapas

Our recent meeting held on April 9, 2024, was indeed a fruitful one, graced by the presence and wisdom of our esteemed club leaders. I extend my heartfelt gratitude to PAG Loreta Sy, PP Johnny Cueva and his spouse Yollie, PP Marybelle Agreda, Rtn. Dagny Pingoy, and Rtn. Kristian Labiao for their invaluable contributions throughout our discussions.

During the meeting, several agenda items were addressed. Firstly, the Nursing students from NDMU presented a request for assistance with their outreach project, an integral part of their curriculum. Without hesitation, our members generously contributed funds to support their cause.

Secondly, we deliberated on the requirements for the upcoming DISCON 2024, particularly regarding the selection of the club elector and acknowledgment procedures.

Additionally, plans were made for our Golf Tournament, tentatively scheduled for June 8, 2024, at the Paraiso Golf Course. The registration fee, set at P2,800 with mulligan, was agreed upon. To ensure the success of this event, we decided to prepare sponsorship letters well in advance.

I would like to express my sincere appreciation to PDS Perfecto Sueno, Jr., PP Johnny Cueva and his spouse Yollie, and Rtn. Dagny Pingoy, who have graciously committed to accompany me to the DISCON.

Furthermore, I am grateful to PP Loreta Sy for her insightful suggestion to synchronize our club's induction and handover ceremonies with the Mindanao Business Conference on July 12, 2024. This strategic alignment may attract attendance from Rotarians engaged in business-related activities.

Lastly, I extend my gratitude to each one of you for your presence and active participation during our meeting. Your dedication and support are truly appreciated.

Trustee's Chair Message

Barry Rassin

APRIL 2024

For many, the Bahamas is a place to escape colder climates, relax on white-sand beaches, and snorkel in clear, turquoise waters. For me, it's home. I grew up sailing on these waters and to this day, anytime I can, I am out on the water with family and friends. It's where my heart is.

The environmental threats my country is facing are real. Our coral reefs, vital for biodiversity, are in danger due to warming seas and pollution. Hurricanes and tropical storms seem to get more intense with each passing year. Rising sea levels pose an existential threat to the Bahamas, eroding our beautiful coastlines as saltwater intrudes on our precious and limited freshwater resources.

Late last year, I was fortunate to represent Rotary at COP28, the United Nations climate change convention in Dubai, United Arab Emirates. The consensus coming out of the meeting was that progress on addressing climate change has been too slow. Participants said the world needs to pick up the pace to reduce greenhouse gas emissions, help communities become more resilient to climate change, and better support countries that are most vulnerable to it. Rotary can be part of the solution.

As you know, protecting the environment is one of Rotary's areas of focus. Many clubs are active in their communities with projects such as beach and roadside cleanups. With The Rotary Foundation, you can increase your impact by pooling resources with clubs and districts around the world. Foundation grants let you put the generous contributions of your fellow Rotary members to work to make the world better.

Imagine the possibilities. Perhaps Rotary districts in Canada and Australia could protect wetlands in New South Wales in Australia. Rotary leaders from Brazil, India, and Taiwan could lead grant projects to train farmers in the Indian state of Andhra Pradesh in sustainable agriculture. Rotary and Rotaract clubs from the Bahamas, South Africa, and New York could work with their districts to help my country restore its natural resources, one reef or mangrove at a time.

The problems our environment faces seem overwhelming until you realize that many are fixable. There are so many ways to help through Rotary. Even if we don't lead a grant or volunteer on the project, we can all help protect the environment through our giving to the Foundation.

Rotary can't save the planet all by itself. But as our progress in ending polio proves, Rotary's impact is great when we put our vision for a better world in motion, and just get started.
